The government argues that third party uploads are "relevant conduct" that can be considered and used to support application of an enhancement for infringement amount. The court requests that the parties be prepared to address at the hearing on Monday, December 19, 2011, whether, the third party uploads "occurred during the commission of the offense of conviction," as required by USSG § 1B1.3(a)(1). The court does not wish to have further papers filed.
